

## Patient Treatments and Numbers in 2019

Mosaic Middle East is the funder of the medical clinic at St George's Church. All the work of St George's comes under the auspices of the Anglican Diocese of Cyprus and the Gulf.

St George's Clinic treats nearly 2,000 patients every month, regardless of ethnicity or religious affiliation. The clinic includes a dental surgery, pharmacy and laboratory. Prescriptions are free. Doctors working at the clinic treat people according to their medical needs, particularly focusing on those who cannot get treatment elsewhere.
